CWC CHAIR - LOY WALKER

Yes, I said I would take the position of chairman of the Country Women’s Council as the rotating officer from National Master Farm Homemakers Guild. Of course, we don’t ever know what may develop in the next three years. I wanted to start in 2021 as I was afraid if I waited another year the term would be so screwed up I would not be able to complete any projects. CWC has had to change the way we connect with persons and organizations. Linda Gause, past chairman, offered to mentor me with her warm guidance. Pam Hanfland is our Webmaster and Lesley Owen is our News Sheet editor.

March 23, 2021 the executive officers and CWC board met via Zoom. We had very good luck with attendance and members were responsive to the opening meeting agenda. It was decided to hold the annual conference September 13 through September 15, 2021 at Effingham, Illinois. Jane Chapman, Conference Chair has managed to keep the plans similar to last year. The schedule and registration information are printed in this News Sheet. I am asking you to make an effort to attend. We are all trying to renew old and build new friendships for a better world.

I have always liked the project “Women Walk the World” My theme for this term is “Women Walk the Talk for a Better Tomorrow”. I just read in the National Geographic Magazine an article suggesting women’s foot prints were discovered walking together in groups 10,000 to 19,000 years ago. It is not a new idea. In the past, I have held various types of walks. The walks have been held in public county parks or just around a meeting room displaying themed table centerpieces of shoes or tea pots or world globes.

The Ruth B. Sayers Scholarship applications have been received and judged. Three or four scholarships will be given depending on funds available.

I have chosen the Charity “Smile Train” as a special project during my three year term. The Smile Train Charity repairs Cleft Palates and physical deformities causing poor nutrition and poor health in general. Fixing a child’s smile raises his self esteem. Adults look and feel better about themselves, and so does their community. Read more about the project in the future.

Climate change is inevitable whether it is natural or altered by humans. I feel fossil fuel energy is the number one climate issue. How we use natural resources is something everyone can help save and restore. I am open to any ideas from members about how we can help change.

The ACWW, WE Fund, deserves to be promoted through more membership. In this issue you will find information about membership. Any woman may belong to ACWW with an individual membership. Give a gift of membership to a friend or daughter. Membership information is printed in this News Sheet.

May our walk and talk the next three years benefit women all over the World.

Loy Walker Country Women’s Council Chairman

CWC Smile Train Project

A gift for a lifetime. Smile Train is an organization specializing in surgically repairing deformed lip and cleft palates. The patients are newborn babies to adults. Smile Train provides 100% free treatment for Children around the World. It offers services 365 days a year on 5 continents. Other services offered are nutrition information, eating abilities, dental care, speech therapy, breathing, hearing and more.

What causes cleft palate is unknown. Research suggests a genetic predisposition or environmental issues such as drugs, and alcohol use, smoking, maternal illness, infections or lack of Vitamin B (folic acid)

Since 1999, Smile Train has partnered with doctors and over 1,100 hospitals in 90 countries to carry out its charitable surgeries and services.

Can we help build more self esteem in individuals and for countries for a better World. More information will be available at the 2021 Conference.

Loy Walker

Smile Train is the world's largest cleft-focused organization, with a sustainable and local model of supporting surgery and other forms of essential care. Over the last 20+ years, we have supported safe and quality cleft care for 1.5+ million children and will continue to do so until every child in need with a cleft has access to the care they deserve.

Locating children in need

Local staff and in-country volunteers raise awareness about clefts and the services that Smile Train offers through media campaigns, visits to neighboring communities, health worker outreach, and word of mouth. Families learn that clefts can be treated at no cost at a local partner hospital.

Empowering local medical professionals

Smile Train provides training and financial support for the treatment of clefts, empowering medical professionals around the world to treat cleft patients with life-changing surgery and related comprehensive cleft care that they would not otherwise be able to access.

Please visit www.smiletrain.org for more information.

ACWW USA AREA PRESIDENT—BONNIE TEEPLES

Hermit crabs do not grow their own shell. They live in empty seashells they salvage. As the crab grows it leaves the shell that becomes too small and finds another larger shell. During the time of changing one home for another, the crab is particularly vulnerable to predators and outside forces. It is necessary for the growth of the crab to experience that vulnerability. As we experience growth we can feel vulnerable also. Many of us do not want to change, we don't want life to be hard, we do not like the feeling of being vulnerable to others and outside forces, BUT, we can do hard things, in fact sometimes we MUST do hard things. Doing hard things turns us into people better equipped to help others and make a difference in the lives of those around us. Embrace change, and embrace that vulnerability and embrace the 'you' that you become as you move into your 'new shell'!

The agonizing decision to change the USA Area Conference to a virtual conference was a HARD thing I had to do. There are still too many members in areas with restrictions, still too much uncertainty surrounding the virus and many members do not feel comfortable flying and being among groups of people they are not around on a regular basis. Conversations I had with members around the nation helped make the decision that a virtual conference would be a safer way to go. I also feel that if we hold the conference virtually we will open the way for more members to attend. I will use one of the days of the original scheduled conference to make things easier for those who have already planned their summer schedule. Mark your calendar for August 1-2, 2021! I am working with Nick at ACWW for the technical portion of the conference, and will need to make sure which date will work best for him. I attended the South Pacific Area virtual conference, it was well done and gave flexibility for speakers and presentations.

By now, I'm sure you have all received the news that the ACWW Triennial in Kuala Lumpur has been changed from May 2022 to May 17-25, 2023. Thank you all who participated in the Special World Conference and helped make the change happen.

I have several State and National Society Conferences on my calendar, some in person and some virtual. I am looking forward to attending many of them. It will be wonderful to meet and catch up on each of our lives and organizations. I appreciate the societies that have invited me to attend and give a presentation.

Please know that I love the work that helps further the name and goals of ACWW. I know that we have had some new individual members join last year and this year. It is exciting to see people join ACWW and come to understand the work of ACWW and how it benefits women and children globally. I'm grateful to each of you for the work you do on the resolutions, fund raising and the many, many other projects you do that improves life for families. I appreciate getting your newsletters and reading the reports in the of the work you do on International projects and here at home. The Independent Sector gathers data and research on volunteerism in the non-profit arena. Every year a monetary value is placed on the work we do as volunteers. As of April 2021 every volunteer hour is valued at \$28.54. Can you see how valuable the work you do as a volunteer is in keeping our nation and other countries going? Personally, I feel that the world would stop functioning without volunteers.

Thank you for all you do to keep the world spinning!

Bonnie Teeple

Ruth Buxton Sayre Scholarship

Ruth Buxton Sayre was known as the "First Lady of the Farm" and inspired millions of rural women around the world to improve themselves and their communities with her practicality, humor, decency, and common sense. As a young farm mother, she began her life work in striving for better conditions for farm women and their families by organizing her neighbors for college extension classes. She earned high posts in state, national and international organizations and served as ACWW President from 1947-1953.

Country Women's Council USA, offers a Ruth B. Sayre Memorial Scholarship each year to a woman who is a legal resident of the USA, who shows a financial need, and who has the ability to complete her education.

Former Resident in Hand Surgery at St. Louis University Hospital, St. Louis, Missouri

Former Resident in General Surgery at Homer G. Phillips Hospital, St. Louis, Missouri

Former Orthopedic Surgery Consultant at El Sahel Teaching Hospital in Cairo, Egypt

DAY TOUR- THE “WORLD’S LARGEST” TOUR TO CASEY ILLINOIS

Monday- September 13th

Casey takes its motto, “Big Things in a Small Town,” seriously. Consider: a 30-foot golf tee weighing in at 6,659 pounds, a pencil that’s 32 feet long, and a 32-foot-tall mailbox where you can actually send mail.

The southeast Illinois town of 2,744 boasts eight objects recognized by Guinness World Records and a bunch of other oversize items—all of them interactive. You can take a selfie swinging in the birdcage, posing on the pitchfork or peeking in the wooden clogs.

This trip into Alice in Wonderland meets Land of the Giants rose from the imagination of lifelong resident, businessman and philanthropist Jim Bolin.

A decade ago during a vacation, Jim and his family brainstormed the idea of opening a tea shop. But Jim wanted to do more to bolster his community. He chose instead to create something that would draw attention to the community and perhaps make it famous!

Jim set out to make “the world’s largest” items with his first project, a windchime! Since then, he has created over 12 of “the world’s largest” items, ranging from rocking chairs and pencils to knitting needles and a pitchfork.

This trip includes a bus ride to Casey, which is 45 minutes away from Effingham. The bus will drive you to all of the “large things” where you can get out to take photos. There will be a stop at Richards Farm Restaurant where you can grab lunch on your own. A visit to a local candy store and shopping are also planned, if time allows.

GUEST TOUR- EFFINGHAM COURTHOUSE

Tuesday- September 14th 10:00 a.m.- 12:00 p.m.

The Effingham Country Courthouse Museum features displays on the military, Effingham County railroads and Effingham County history. It is also listed on the National Register of Historic Places.

The courthouse was built in 1871 after Effingham was named the county seat at a cost of around \$30,000. The courthouse retains a pristine exterior and is listed on the National Register of Historic Places. It also features a museum inside. The museum displays two rooms devoted to the military, which gets changed throughout the year. It also has a room dedicated to the railroads in Effingham County. The Effingham County Courthouse is open Tuesdays and Saturdays from 10 a.m. to 2 p.m. March through October. The Courthouse Museum hosts several events throughout the year, including the annual Old Settler's Reunion.

Delaine Donaldson, a historian, will give you a tour of the Effingham County Cultural Center & Museum.

The cost of this tour provides transportation to and from the courthouse as well as admission to the building. Lunch will be on your own. There are multiple restaurants nearby for your convenience.

GUEST TOUR- EFFINGHAM SHOOTING RANGE AND LARGE CROSS

Wednesday- September 15th 10:00 a.m.- 12:00 p.m.

The Cross at the Crossroads known as The Cross to locals is a 198-foot-tall cross which is located near the interstate of 57 & 70 for all the travelers to see coming into town. This huge cross is made of over 180 tons of steel and stands tall at 198 feet high and 113 feet wide. It truly is "the cross at the crossroads." Built at this major road it's estimated that 50,000 travelers see the cross in Effingham each and every day. You will walk around the base of the cross, visit the Welcome Center, and

watch a video of how the cross was constructed.

After you visit the cross, you will have the opportunity to visit Accuracy Firearms Shooting Range. It is a family oriented, premier retail and shooting facility. It contains a 2,600 sq ft. retail showroom with new and used firearms. You will tour the retail store, the gun range, and visit the classroom for a short presentation.

The cost of this tour includes transportation to each location. Lunch will be on your own.

Speakers

CAITLIN MELLENDORF- MS, RD, NUTRITION AND WELLNESS EDUCATOR

Caitlin Mellendorf, MS, RD, is a Nutrition and Wellness Educator and Registered Dietitian with University of Illinois Extension serving DeWitt, Macon and Piatt Counties in Central Illinois. Her work focuses on helping community members gain the knowledge, skills and tools to live healthier, more nutritious lifestyles. This includes teaching educational programs and answering questions about heart health, diabetes, food safety, food preservation, grocery shopping and cooking.

Eat Metal: Food Choices to Reduce Iron Deficiency

Iron deficiency is a common diet-related concern for many groups in both the U.S. and around the world. So much so, food products in the U.S. require iron information on food labels. In this introduction to iron deficiency, explore rates of iron deficiency in the U.S. and around the globe, identify at-risk populations, understand the role of iron for the body and the impact of deficiency, and plan an iron-rich diet with foods and supplements.

ADVOCATE, MENTOR, SURVIVOR, AND AUTHOR

'Trish' McKnight - Advocate/Mentor/Survivor/Author: 'Today I am a thousand miles away from the person my parents created in their forced slavery, destructive neglect, and constant violence fueled by mental illness and substance abuse.'

Ms. McKnight, lived the journey of survival patterns filled with drug use, alcohol, attempted suicide, parenting challenges; the constant chaos and life altering injuries that plagued more than thirty years of her life. It was twenty years ago when she left her last abusive relationship to break the tolerant habits and give her children a safe, happy home. Today she is a key voice; updating Statute of Limitations in Illinois, creating standards of care, training law enforcement, healthcare, educators, and community members to recognize, report, and respond with trauma informed knowledge. She founded; Butterfly Dreams Alliance, NFP a community outreach charitable organization providing awareness, education, and assistance for those affected by abuse, violence, sexual harm, and human trafficking. 'Trish' is also a Regional Ambassador of NAASCA, a member of Central Illinois Human Trafficking Task Force, End Demand Illinois, and collaborates with resources throughout the state to better assist others to safety, recovery, and rebuilding. We hear the adage; 'It takes a village', so change in human tolerance will only happen if we teach ourselves and our kids safety practices, and healthy behaviors that promote equality, safety, and wellness for all persons. "Always believe anything is possible with you in the active equation" - "My Justice" is her own true horrifying memoir
